

# 2015 Grant

Request: 2015-32

Funded by Allegro Coffee

**Project Name:** Early Education Centers

**Funding Needed:** \$10,000

**Country Most Impacted by Project:** Indonesia

**Region:** Aceh, Sumatra. Aceh is one of the provinces of Indonesia and designated as a Special Territory of Indonesia, located on the northern tip of the island of Sumatra.

**Project Impact:** 500 members of the coffee-producing community will benefit directly.

**Project Description:** The parents in the region of Aceh understand that early childhood education is important but unfortunately, it is hard for them to provide this important care. Most parents are unable to supervise and protect their children under five years of age. Their time is spent working hard in coffee production in order to meet the basic needs of their family. It is necessary for the families in Aceh to have a safe place for their children to play and learn.

The Early Childhood Education Center will provide children with programs that will develop their cognitive and physical development. They will be taught lessons in morals, religion, social and emotional development, art, self reliance, and skills to prepare them for primary education.

#### **Benefits:**

- The parents working in coffee production will have a safe place for their children to be while they are at work.
- Children will learn to apply morals and ethics to their interactions with other people.
- Children will develop better hygiene, health, and nutrition habits.
- Children will understand the importance of their environment and better protect and appreciate their surroundings.

## Café Femenino Foundation
