

# 2016 Grant Request

## Request: 2016-3

Funded by Kaladi Coffee

**Project Name:** Clean Water Project  
**Funding Needed:** \$3,500

**Country Most Impacted by Project:** Peru

**Region:** Kañaris - ASPROAGRO - Lambayeque

**Project Impact:** This project will benefit 350 children of the preschools and approximately 2,100 people of the communities.

**Project Description:** In the area of Tupac Amaru, the children of preschool ages three to five years must drink river water or tap water containing high levels of impurities and contaminants. This inevitably causes digestive and respiratory diseases that affect their growth and development. This project aims to install one water purification system in each of the ten Early Education Centers of the area and provide ten educational workshops on the need for clean water and the installation and maintenance of the water purification systems.

### Benefits:

- The health of the children and families in the communities will see an improvement in their health.
- With improved health, children will be in a better position to learn and focus at their schools.
- Quality of life will be vastly impacted with a clean water resource available.
