Thanks to your generous donation and ongoing support The Casa Café Femenino Community Center in Caracha, Peru has been successfully completed as of February 2018.

### Overall Project Summary:

This project was requested to help benefit the community members of Caracha, in the Lambayeque Region of Peru by providing a safe and comfortable space for community

members to gather with one another. Construction of The Casa Café Femenino Community Center began in June 2017 where several community members came together to develop the center.

The Casa Café Femenino Community Center serves a space for meetings, trainings, leadership and skills workshops and the The Casa Café Femenino Community Center also provides temporary shelter for women and children who have been victims of abuse and violence. The meeting room of The Casa Café Femenino Community Center was named in memoriam of Garth Smith. To date The Casa Café Femenino Community Center has been a success as it has brought many individuals of the community together and members of the community are very proud of the center. In addition to the construction of the center, a greenhouse was also installed where vegetables, quinoa, and kwicha are grown. Also, a small area is currently under production for coffee to be collected and processed.

Currently there are plans to submit for funding in 2018 to establish additional Casa Café Femenino Community Centers in Murojaga, El Naranjo and Villarumi which are also in the Lambayeque Region of Peru.
