Enhancing the lives of women and families in the coffee-producing communities around the world.

Community Library Program

Guatemala - Nahuala

Funded By:
Cup For Education

Thanks to your generous donation and ongoing support The Community Library Program in Nahuala, Guatemala has continued to be successfully implemented as of January 2018.

Overall Project Summary:

The Community Library in Nahuala has been an immediate source for education for children and their families within the community. The Nahuala Cooperative has funded the provision of books as well as reading and writing programs in participation with local schools to promote the importance of education in the community of Nahuala.

However since 2007 funding to continue these vital programs has been difficult to come by. With your continued support of this project, The Community Library in Nahuala has been able to continue to provide quality education programs for the children and their families of Nahuala.
